## FROM PRINCIPAL'S DESK

Anand Homeopathic Hospital, affiliated with Anand Homeopathic Medical College & Research Institute, embarked on its journey on 14th June 1982, dedicated to providing exemplary homeopathic treatment to the people of Anand and its vicinity. Throughout the years, this hospital has established itself as a highly reputable institute for advanced healthcare services delivered through Homeopathy, attracting patients even from remote areas who prefer its holistic approach.

The hospital takes immense pride in offering comprehensive healthcare services that extend beyond homeopathy, encompassing allied sciences. Equipped with state-of-the-art facilities, including a Laboratory, Physiotherapy, Yoga, and Vaccination centre, it ensures a well-rounded and integrated approach to patient care.

The escalating demand for homeopathic treatment signifies the personalized, holistic, and natural approaches offered by the hospital. Homeopathy's focus on individualized treatment with minimal side effects continues to gain acceptance among diverse individuals seeking comprehensive well-being. As a teaching institution, the hospital provides outstanding patient exposure and fosters overall development for students, interns, and PG scholars from the attached college, resulting in highly skilled and proficient alumni.

Among the commendable activities of Shri Ramkrishna Seva Mandal Trust, "Sukrit-Deeds of Hand" magazine transcends its role as a mere newsletter and becomes a vibrant platform bridging communication gaps across all our diverse institutes, from KG to PG and Healthcare to Old age home. "Sukrit" keeps us abreast of vital updates, achievements, and initiatives within our campus, shedding light on the remarkable work and contributions of our students, faculty, and staff. Congratulations to the entire "Sukrit" team for their dedication in fostering a strong sense of community and connectivity within our institution.
